ABOUT US

Afghanistan Research and Social Organization was established in 2019 and it is registered with the Afghanistan Ministry of Economy. The abbreviation is (ARSO). We are working as a non-governmental and non-profit social institution, to provide voluntary and humanitarian services for people in need of the society, regardless of political, ethnic, racial, linguistic and positional.

ADMINISTRATIONS MANAGEMENT

Afghanistan Research & Development Organization Board of Directorate

OUR VISSION:

To provide an environment that man and woman consciously rejects gender discrimination; work together and put all capabilities to reach equality and justice.

OUR MISSION:

Financial supporting the educated marginalized women, and connecting them with a committed network to solve their family's basic needs such as “feeding and hygiene” to strengthen the women management role in her family and community.

OBJECTIVES:

To provide a safe working environment where women can easily communicate and share their social issues with other women.

To arrange hygiene and other social awareness programs for the women

To provide trainings and workshops to increase the awareness of community people especially women in human rights, child rights and access to equality and justice.

PROJECTS:
